*Building on quality*

## HURRICANE Screed

A time saving and easy to use surface screeder. No accurate formwork or screed rails. Fast and simple striking off and smoothing.

**Time  
Saving**

- Profile and frame can be separated for easy transport
- Folding handle reduces transport volume by 50%
- Multi-point, adjustable acceleration
- Quality, lightweight aluminium beam profile
- Shaped beam ends reduces 'tram line' effect
- Adjustable vibrator force to suit beam length and concrete slump
- Select from a choice of beam lengths to suit your job requirements

	Engine	Centrifugal Force N	Beam Length m	Weight Kg	Order Code
